

## Security Issues in Forensic Mental Health Settings

The Forensic Mental Health Teaching Unit at the Institute of Psychiatry, King's College London and Cygnet Health Care would like to invite you to our forthcoming Conference.

**Date:** Thursday 18th June 2009

**Venue:** The Law Society, London

The security of therapeutic institutions continues to attract much critical media attention whenever there are breaches of security. This multidisciplinary conference is aimed at attracting nurses, psychiatrists and healthcare managers who work in and manage secure mental health services. It will focus on the broad principles underlying security in forensic settings as well as new developments in the field. There will also be an emphasis on relational security including professional boundary violations. Speakers will also explore how standards across the different settings can be established, implemented and safeguarded. Our speakers come from a variety of clinical, security and administrative backgrounds. The conference should deliver an up to date review of an important and controversial area, and should be of practical benefit to delegates in their clinical and managerial responsibilities.

### Speakers include:

- **Bill Abbott**, Department of Health
- **Gwen Adshead**, Broadmoor Hospital
- **Steffan Davies**, Northamptonshire Healthcare NHS Trust
- **Tim Exworthy**, Department of Forensic Mental Health Science, Institute of Psychiatry
- **Patrick Gillespie**, Adult Mental Health and Medium Secure Services, South London and Maudsley NHS Foundation Trust
- **Dave Hearn**, Lambeth Forensic and SLAM MSU Services, South London and Maudsley NHS Foundation Trust
- **Andrew Johns**, River House, South London and Maudsley NHS Foundation Trust
- **Pete Lyddiatt**, HMP Whitemoor
