	1	CHEMISTRY	4
1	BIOLOGY	3	
1	ART & DESIGN	3	

In 2019, Knole Development Centre were pleasantly surprised when two of our students changed their mind in regards to taking their GCSEs. These particular students both expressed their feelings and wishes not to take their GCSEs as this would exacerbate their anxiety, however they both changed their stance on the situation and started to prepare to sit their exams with staff supporting their decision 100%.

Knole Development Centre is a calm quiet and safe place for exams to be sat and despite the short amount of time these students had before their exams they both managed to focus and sit every exam they were entered for feeling relaxed and positive.

As a hospital we are really proud of their achievements and they should be too!
